Wherever you are. Wherever you want to go.

**ECU is the state’s leader and national trailblazer in distance education.** Whether you want to **finish what you started** or **start something new**, East Carolina University offers more than 100 online degree and certificate programs in business, health care, education, technology, and other areas to give you the options you need to meet your objectives.

**Our Online Programs** are designed to suit both the professional needs and the academic goals of busy, working adults like you. The instructors teaching the university’s online programs are the same instructors teaching its on-campus programs. We also make sure you have all the tools and support services you need as you earn your degree.

“When I decided to return to school I was reluctant to take DE classes. I was worried I would be “alone” in the process. That is just not the case here at ECU, Faculty and Staff at ECU are dedicated to the success of DE learners. The DE community here at ECU is the BEST!”

“ECU’s degree completion program changed my life. I’m proud to be a part of the Pirate Nation!”

Are you a community college student looking ahead to a four-year degree? Are you a working adult that started your college studies but never completed the requirements for graduation?

Each year, thousands of students arrive on our campus to work and study. But at ECU we also recognize that sometimes other goals and challenges require some students to follow a different path toward their goal of a college degree.

At ECU, we believe that goal can still be within your reach. Let us help you finish what you started.
